HUSTLE.

There is a business stir about

Mt. Sterling just now. One firm

sent out their representative here,

who inaugurated a method by

which some religious, charitable

or public institution might be-

come the owner of a library con-

taining the productions of Stand-

ard Authors free of charge. Only

a limited number of our business

men were beneficiaries, and those

out, realizing the scheme in hon-

orable and drawing one, and that

the business men interested would

be the favored, fifty strong went

down into their pockets, put up

the money and inaugurated a sec-

ond, putting out a \$750.00 library

which will go to some institution

free of any cost to it. The adver-

tisement giving detailed instruc-

tions as to the purchasing and vot-

ing appears elsewhere in this is-

sue and each week the vote for

institutions and organizations will

appear in the ADVOCATE.

GOOD INVESTMENT.

Winchester, dating from this

week will have a street car system.

The same parties with interests

just as desirable need to do the

same thing for Mt. Sterling. We

say for Mt. Sterling, for while at

the start it would be all out lays

and no income, it would be an ad-

vertisement to the city and finally

a remunerative investment.

Winchester will have about 7

miles of track.

In this issue we present the

name of Mr. C. E. Sledd, candi-

date for Circuit Court Clerk, sub-

ject to the action of the Democrati-

c party. Mr. Sledd is a son of

William Sledd, present Jailer, of

this county, and born and raised

here the people are in position to

judge of his qualifications, to know

him morally and politically. Mr.

Sledd is making an active canvass

and expects to be before the people

personally before primary election

day, December 10th.

For every paper bought of the

Mt. Sterling Advocate at a cost

of 5c the purchaser is entitled to

ten votes in the Library contest

and for each new subscriber and

a paper he is entitled to 30 votes.

If a subscriber is in arrears to the

Advocate three years and pays up

he will receive 90 votes in the Free

Gift Library Association.

Hon. F. A. Hopkins received more than 3,200 majority for Congress, the largest the Tenth has ever given. A live man on a platform of live issues, we shall expect much and shall hope to keep him employed as our congressman many years to come.

HITS HARD.

Mayor Johnson, with presiden-

tial aspirations, hits Cox and Mc-

Lean hard. The following is an

extract of his speech October 23,

at Cincinnati.

"I despise the Cincinnati En-

quirer and Mr. McLean. I do not

desire their friendship and I

heartily invite their hostility.

There is no room in the Demo-

cracy for such men as Mr. McLean

and such newspapers as the En-

quirer. I want the men who love

true Democracy and who labor for

the rights of the people and not

for personal and selfish ends to

come together under the standard

of the new Democracy. There is

no longer any place for these Dem-

ocrats who are Democrats only

for selfish ends, and the sooner

the day that Mr. McLean and the

Enquirer are openly attached to

the Republican party the better it

is for Democracy, though it will

be a sad day for the Republicans. As

a matter of fact, McLean has been

constantly allied with "Boss" Cox

and it is partly through the efforts

of these men who disgrace the

name of Democrats that Cox has

become so strongly entrenched in

your city."

Mr. Johnson invited the gentle-

men charged to meet him relative

to the charges made when he

would give them opportunity to

reply. They have not yet put in

their appearance or spoken a word

for the public. Such Democrats

are not worth killing.

Tobacco Growers in Convention.

The Kentucky Tobacco Growers' Association held its fourth convention at the courthouse in Lexington, Ky., on Nov. 6. About 120 delegates were present, representing twenty-four counties. Mr. James M. Gaunt presided at both the afternoon and night sessions. The meeting was a business nature, the further organization of the association in the Burley tobacco-growing counties being its object.

When formally incorporated the organization must have forty thousand members, all growers of white Burley, and it will be capitalized at one million dollars. The members, whether or not stockholders, pledge themselves to sell only to the association, which agrees to pay prices considerably in excess of those paid by the so-called trust. By the contract, which forms the basis for the organization, the producers will have a majority on the Executive Board and will be able to fix the prices which shall be paid for the tobacco.

It is expected that the forty thousand signers required will soon be secured and the organization perfected.

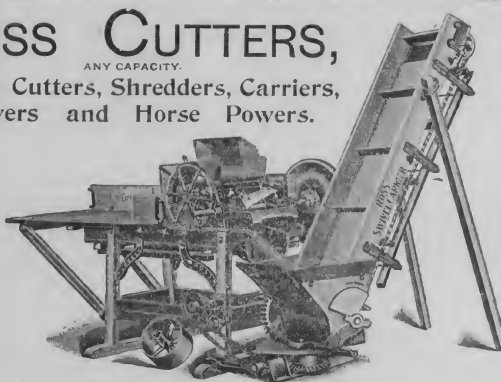

Killed.

A letter from Miss Eva Bruton, Chicago, says that in the Marshall Fields & Co's store where she clerks, an elevator boy in some way lost control of the elevator at the eighth floor as it was going up. It sped to the 18th. floor, striking with such force as to break the cable; then a terrible crash came as it fell 13 stories. How many persons were killed and injured she did not know as the accident was as much as possible, kept secret. She saw two dead bodies removed. Many women clerks, including Miss Bruton fainted and for a time there was much excitement.

Don't wait until all the good values are gone but come now at Levy's.

Wins Democratic Nomination for Circuit Clerk.

At a Democratic precinct convention at Frenchburg, Menefee county, Mat Hackney defeated "Doc" Hicks for the nomination Circuit Court Clerk.

One of Bryan's Intentions.

William J. Bryan, puts forth a somewhat novel proposition editorially in the Commonwealth, for speaking as a newspaper editor, he demands that newspapers throughout the county be prohibited by law from guessing at the returns of elections, before election day. He demands that this species of public forecast violates the lottery laws. He says that it is incumbent upon the post office department to stop the practice and declares that if the department will not act, he will appeal to the next Congress.

Miss Ida M. Snyder,
Treasurer of the
Brooklyn East End Art Club.

"If women would pay more attention to their health, we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctor's prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McElli's Wine of Cardui and Thedford's Black Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual function and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a new baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.

WINE OF CARDUI

Blood Hounds Catch Barn Burners.

The Lexington Leader in speaking of two blood hounds which spent a night at police headquarters said:

The dogs, named Nick and Dink, which are noble looking animals were in the care of their owner, Mr. V. G. Millikin, of Wilmore Ky., and was on his way home from Clark county where he had been with the dogs trailing the persons who had set fire to tobacco barns and some wire fence cutters. Success followed both cases.

When the dogs were put on the trail of the barn burners they followed it for two and a half miles when the tracks of a buggy were plainly seen, indicating that the fugitives had entered a buggy at that point for the scent was lost. The buggy tracks were followed at a high rate of speed and the vehicle was overtaken and its occupants placed under surveillance. Later the dogs were put after the fence cutters and taking up the trail they went directly to the house of a negro who is now in custody charged with the offense.

Speaking of the dogs to the Leader, Mr. Millikin said: "This fellow here (laying his hand on Nick the other animal) is the boy which, with his mate, now dead, trailed some safe blowers during last April a distance of 55 miles when we captured the three, all of whom were convicted. He can take up a trail 26 hours old and follow it to the end."

Nick has been put on the chase of 83 criminals, capturing 69, all of whom have either been convicted on their trial or have pleaded guilty to the charges made against them, he has made fourteen failures.

Can He Pay?

A new sermon along the line of paying our honest debts would be very helpful. A man who doesn't look after his own household is worse than an infidel. A man who doesn't pay his honest debts (when he can) is not a Christian. It cost from 10 to 50 per cent. in this country to collect bills which ought to be paid without a question. A little instruction along this line would be very beneficial to people who do a credit business.

The number of lepers in the Philippine Islands is estimated at about 12,000.

W. J. Shively, Batesville, O., speaking of Banner Salve, says: "I used it for piles, and it has done me more good than any salve I have ever used, and I have tried a good many kinds."

F. C. Duerson, Druggist.

One of the largest collections of charms in Europe is owned by Queen Alexandra. It consists mainly of tiny elephants in malachite, jade, porphyry, sapphire and turquoise, and humming birds and swallows, bees and beetles, which are real works of art.

Recommends it to Trainers.

G. H. Hausan, Lima, O., Engineer L. E. & W. R.R., writes: "I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure, and one bottle entirely relieved me. I gladly recommend it to anyone, especially my friends among the train men, who are usually afflicted."

F. C. Duerson, druggist.

Practically all of the town of Calhoun Falls, S. C., embracing 700 acres, was last week put up at auction and sold for \$14,000. The town was built by an improvement company, but proved a losing venture.

Seymour Webb, Moira, N. Y., writes: "I had been troubled with my kidneys for twenty-five years and had tried several physicians but received no relief until I bought a bottle of Foley's Kidney Cure. After using two bottles I was absolutely cured. I earnestly recommend Foley's Kidney Cure." Take only Foley's.

F. C. Duerson, druggist.

President Roosevelt Wednesday at Philadelphia delivered the chief address at the semi-centennial anniversary celebration by the Pennsylvania Grand Lodge of George Washington's apprenticeship into the Masonic fraternity.

Adolph Blumer, Grand Mound, Iowa, writes: "I have used Foley's Honey and Tar in my family and think it is the best cough cure on the market. I would not be without it in my home as there is nothing so good for coughs and colds."

F. C. Duerson, druggist.

The Interstate Commerce Commission assembled in Chicago last week to hear complaints of alleged infringement of the rule relating to rates on meats in the West. The railroads it is said, will fight the rate in the court.

Geo. A. Points, Upper Sandusky, O., writes: "I have been using Foley's Honey and Tar for hoarseness and find it the best remedy I ever tried. It stopped the cough immediately and relieved all soreness." Take none but Foley's.

F. C. Duerson, Druggist.

The beds of pen in Colorado sometimes includes as many as 2,000 acres, and there is one bed exceeding 2,000 acres.

Today take Foley's Honey and Tar. It positively prevents pneumonia, or other serious results from colds. It may be too late tomorrow.

F. C. Duerson, druggist.

Judge Charles C. Jones, of Montezuma, N. Y., is probably the most ponderous jurist in the United States. He is 6 feet 1 inch in height and weighs 410 pounds.

To Cure a Cough

Stop coughing, as it irritates the lungs, and gives them no chance to heal. Foley's Honey and Tar cures without causing a strain in throwing off the phlegm like common cough expectorants.

We are Back from New York

WITH Bargains for All.

We went on the buyers' excursion to the great metropolis, and never was time and money more profitably spent by us, but it was you we were thinking of--of how best we could serve your interests by serving our own. We are now ready for fall trade as we were never ready before. Not a dollar's worth of unseasonable goods has been left in our new stock. Everything is new, spick and span.

Wagon load after wagon load of new goods have been continually unloaded at the Great Busy Bee Cash Store until progress along the street was impeded. For one whole week people had to walk around or pick their way through the wall of boxes that surrounded the entire store.

The proprietors of this Great Bargain mast the Busy Bee Cash Store gave instructions to their buyers before going East to leave nothing undone to make this the banner fall of their business career in this city, and the buyers have certainly exerted their skill to its utmost capacity. Shelves, counters, ledges, and every available space in the large store is stacked and piled from floor to ceiling and are creaking and groaning under the immense weight of the new goods piled on them.

Our new Dress Goods are creating a big noise among the ladies who have seen them and the pretty, nobby stuff is already beginning to go out in large quantities. Our ladies know a good thing when they see it, and the beauty and elegance of these new things are so striking that they are taking advantage of them while they can get them.

Our Men's and Boys' Clothing is so far superior to any of our past efforts that it will be a death blow to all competition. Just think of buying a good Cassimere Suit for Boys for 98c., a good Wool Cassimere Suit for Men for \$3.48. Our stylish, nobby suits will cost you just half the price other merchants ask you for the same things. Our Overcoats are already on the move, and wise customers are seeing now while they can get the new styles. Have a look at our Clothing; it will pay you.

Already our customers are beginning to say that we never will sell all the Cloaks, Wraps, Jackets, Raglans, Monte Carlos, Fur Jackets, Furs of all kinds, Ladies' ready-made Tailored Skirts and Tailor-made Suits that fill the tables, racks and even piled on the floor in our Tailor-made Fuit and Cloak Department. The like was never before seen in Mt. Sterling. It is a sight worth coming miles to see whether you want to buy or not. The new style garments will tempt you and low cash price will sell you.

Our Underwear fills nearly one entire side of our big store. Underwear to suit everybody. Can't name prices, space won't admit. Don't pay over price for Underwear. Get posted; get our prices and qualities before you buy.

All the little notions that one needs are to be had here, and there's not as much to pay for them as elsewhere. No imitations or seconds; get standing room here. You pay for what you get, and you get what you pay for.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The National Anti-Mormon Association.

The Omaha Convention of the Christian Churches saw the birth of a new missionary enterprise that promises to be of great importance to the disciples in the next few years. Ever since the coming forth of the Book of Mormon, in 1830, there has been a constant conflict between the church and the various Mormon organizations. This very naturally grew out of the fact that Sidney Rigdon, and many other Mormon preachers who began their work under his influence, were originally Christians. Their first efforts were directed against a people whom malice and ill will denominated Campbellites, and thus a bent was given to their work in the past 75 years.

Two meetings were held in the North Side Christian Church during the convention. At the first meeting after an interesting discussion, a committee was appointed to report a plan of organization. On the following day the committee made a report that, with slight modifications, was adopted.

At a meeting of the board, which immediately followed, John T. Bridwell was appointed General Secretary, and it was decided to push the work as fast as the funds would allow.

It is the intention to meet the demand "by the distribution of Christian literature, by lectures and addresses, by discussions, and by the work of itinerant and other missionaries."

Election Echoes.

Massachusetts elected Republican State ticket, a Congressional delegation of ten Republicans and four Democrats, a State Senate of 31 Republicans and nine Democrats and a House of Representatives of 155 Republicans, 82 Democrats and 9 Socialists.

Chicago and Cook county have elected full Republican ticket except for Sheriff and Commissioners.

The city of Covington elected a Republican Council.

The complete returns for Fleming county are: For Judge of Court of Appeals, Paynter 1,993, Dearing 1,896; for Congress, Kehoe 1,992, Castner 1,828. The total vote shows a falling off of 407 votes from last year.

American Coffee Habit.

Americans are the greatest coffee tasters in the world. One-half of the world's production come to the United States. More than 800,000,000 pounds were consumed here last year, an average of 104 pounds to a person. Imports last year were about \$60,000,000.

A Word to You About Spending Money!

Don't you know that you can buy a better suit for \$5, \$7.50 or \$10 from Walsh Bros than any other store? Common sense will teach you if you will only stop and think; that we can.

The suits that we sell for these prices are made, that is many of them, by the same houses that make fine goods. They have the same Style, Look and Finish. Lots of men think because we sell the finest clothing that we lose sight of the lower qualities. Not so; our

we bought with great care and are sold on a small margin of profit. The \$7.50 and \$10 suits have hand-padded collar, hair-cloth shape-holding front, hand button holes, all the newest Cloths and Style Cuts sold at this price. This is as good a store for

\$7.50 AND \$10 SUITS

as for better ones, and that's saying a great deal

ROWAN COUNTY ITEMS.

During the trial of Harvey Moore for killing Finn Tolliver, Mr. Elvin Proctor, about 50 years old, one of the jurors, became temporarily insane on Thursday afternoon. The case had been submitted to the jury for more than a day. The jury was discharged and case continued.

About two years ago James Moore, marshal of Morehead, struck John Swift and broke his jaw, Swift sued him for damages. On Thursday a jury returned a verdict against Moore for \$2,000.

Dr. Elmer Northcutt sued the Morehead Oil & Gas Co., for breach of contract, claiming a controlling interest of the stock in connection of services etc. On trial the judge decided in favor of the company, but allowed Northcutt \$500 for services.

In the \$5,000 damage suit of Wm. Park, of Farmers against John R. Buckwalter, the case was demurred to plaintiff's position. Park while working in Buckwalter's mill was injured by a log falling on him, hence the suit.

After six days deliberation the grand jury returned 10 indictments.

Rev. L. E. Marvin was appointed administrator of the estate of Jno. R. Bryon the merchant who died Oct. 23.

The Baritone Wonder—A Mount Sterling Boy.

The Inter Ocean Comedy Co. will open a three-night's engagement at the Grand Opera House beginning Thursday, Nov. 13, at popular prices—10, 20 and 30 cents—with the great scenic sensational melodrama production entitled "The Great Robbery." This company comes highly recommended and including Mr. Richard Glover, formerly of this city, and a brother of Mr. C. G. Glover, who will be well remembered by all as the Baritone Wonder who sang in the choir of the First Presbyterian Church in this city some years ago. For the past three years he has been with Mr. Claud Amaden as the leading Baritone singer and comedian in the great comic opera, "The Babylon Girl," playing all the larger cities. Mr. Richard Glover will positively appear each night, taking parts and doing a specialty, including songs. Seats for this attraction will go on sale Tuesday, November 12th, promptly at 2 p. m., at White's Drug Store. Prices 10, 20 and 30 cents.

NOTE.

Instead of Ladies being admitted free opening night with one paid 30-cent ticket, any lady can purchase a ticket for 15 cents, lower floor, Mezz, 30 cents. Opening night, Thursday, November 13th, 1902.

IMPORTANT NEWS-PAPER CHANGE.

Henry Watterson's Courier Journal Announces a New Policy.

During Three Decades the Louisville Courier-Journal has stood unalterably and conspicuously before the public as the representative of the great commonality of the people against both the Robber Baron, seeking through the accretion of ill-got money to steal away the people's liberty by stealing away their franchise rights, and the ready tool of the Robber Baron, the bandit politician, masquerading as a Statesman and a patriot the better to serve the ends of his master. In fulfilling this high function it has had to go fast and sometimes to go slow, sometimes to cry "onward," and sometimes to cry "halt," sometimes to drive at the root of things, and sometimes to drive ahead; but never changing the direction of its movement and always true to the underlying principle of its being, expressed by the simple demand for "The Greatest Good to the Greatest number."

With the advent of the New Year, that is on the first of January, 1903, the Courier-Journal began a campaign from which it looks for commanding results, and the better to reach the objects it has before it, the twice a week edition was changed to a once-a-week edition, returning to the old Weekly Courier-Journal, which for a quarter of a Century was literally a political bible to millions of Americans who knew they could trust both its precedence and its disinterestedness.

The new Weekly Courier-Journal is modern in every respect, and is a paper for the home. It is issued every Wednesday, and its ten or twelve eight-column pages are filled with the best work of the best writers. The price of the paper is \$1 a year, in advance, and it is well worth it.

RELIGIOUS.

The offering for State Missions at Somerset Christian church on first Sunday was about \$61, with more to follow.

The sermons delivered the Baptist church by Dr. Eugene E. Ayers, of Georgetown college, were studied productions. Appreciative audiences greeted him.

Large and deeply interested audiences attend the protracted services at the Waddy Baptist church, Shelby county conducted by Rev. W. J. Holin, pastor of the Baptist church here. He expects to return Saturday to fill his pulpit here Sunday morning and evening.

The special services at the First Presbyterian church have had a very auspicious beginning, large congregations are attending and Dr. Cheek has preached strong Gospels at night. Rev. E. E. Weaver will begin preaching on Thursday night, and from that time on there will be two meetings a day, one in the afternoon at 2:30 and the other at night at 7:00 o'clock. Mr. Weaver assisted Dr. Cheek in a series of meetings last Spring and Dr. Cheek speaks in the highest terms of his word, believing that he reached and stirred people as no other man with whom he had ever worked.

There is too much worldliness in the church. Men and ladies are prevented from going to the ladies Wednesday evening prayer meeting because of ecclesiastical parties and other social entertainments. Too many outside entertainments charm the church member and draw him away from the house of God. We need to renew our consecration, to devote more time to the service of God and less to cheap opera. More money should be spent to support the orphan and less to support the saloon keeper? More money should be given to save the heathen and less put in the coffers of tobacco magnates. More money should be raised for the exaltation of Christ and less to satisfy our pride.—Christian Guide.

DEATHS.

Hon.—Mrs. Phil Hon died at the home of her father, James Reed, near Camargo, on Friday, November 7, 1902, aged about 38 years. She was buried on Saturday in the Gibson graveyard.

Howe—again has the grim reaper been unrelenting, once more must we "thank our God, though with breaking heart, for the coffin under the daisies," and sing to him psalms of praise that though "each is in his narrow cell forever laid where leaves the turf in many a mouldering heap," yet the spirit reigns on high, in happiness with the Father. On Monday, October 25, Fannie Howe, the only child of Larry and Lizzie Howe, died at their home near Flemingsburg from a complication of diseases. Through the years of childhood to the more mature days of womanhood had Miss Howe passed, being a life beautiful in its perfection. A tender, loving, thoughtful child, a true and faithful friend, she won and held the affection of all. "To know her was to love her," but the Father judged her work to have been done, her course to have been run and after months of patient suffering she answered the summons: "Come unto me, ye weary and heavy laden, and I will give you rest." A beautiful life, a beautiful home in Heaven, let us thank God for it and pray that he may send His comfort to the bereaved parents.

LEE—Wm. H. Lee was born in Missouri May 2, 1852. He came to this city at the age of ten years to live with his uncle, W. T. Howe, deceased. Most of his life since then has been spent in this city, as clerk and bookkeeper, usually in retail groceries, in the employ of Howe & Trimble; N. H. Trimble; C. W. Howe. He was a man of noble traits, generous, attentive and faithful in business; kind-hearted and thoughtful of others, yet too often forgetful of his own best interest. He had experienced conflicts and gained victories. For some years he had been in feeble health. On Saturday morning, November 8th, 1902, he had been walking in town, and returned to his room about noon. At about 12:30 a friend entered his room in the Fizer building and found him dead in his chair. Anticipating that the end of life was near he had (at some time not known to the writer) written a letter giving directions about some business, the payment of his accounts and naming the friends who should act as pall-bearers. The remains were taken to the home of his city, C. W. Howe. The burial was in Macphail on Sunday afternoon

conducted by Rev. H. D. Clark, after which his brethren of the I. O. O. F., who had marched to the cemetery in a body, conducted the burial service.

How it Happened.

The independent voter did not vote.

Some Democrats voted, and others voted.

No one exercised the right of franchise except the nonaffiliated voter.

The balloting was confined to voters.

Apathy ruled the Republicans who remained away from the polls. This was an off year.

There was every incentive to elect some one.

For some reason no one took any interest in the election.

Had the total registration voted, and voted one way, it would have been a landslide. As it was, the people were divided on the candidates.

—Chicago Chronicle.

Premature Explosion of Fireworks While Celebrating Over Election Returns.

With a list of twelve persons killed and seventy-four injured before him, Eorner Scholar, of New York City, has inaugurated an investigation of the explosion of fireworks in Madison Square Tuesday evening of last week. Eight men have been locked up, charged with criminal neglect.

"It is a case of absolute criminal neglect," said the coroner. One of the mortars was set off and it was pointed at a row of other mortars in line. There was a defect in the bottom of the mortar and it leaned towards the others, which were set off by the fire ball thrown towards them.

The district attorney said "Dynamite bombs should not be allowed in such a public place. I have no doubt that a permit had been issued for the exhibition, but a rigid investigation will be made. Steps will be taken to prevent anything like this occurring in the future."

Not Dewey.

In raising the Spanish vessels in Manila Bay, some interesting facts have developed. Marquies del Duero was raised by the Philippine Engineering and Constructing Company, and it was found that but one shot took effect on that vessel. It pierced the bow above the water line. This goes to prove that the American guns didn't sink this little boat. The only rational conclusion is that the Spaniards scuttled her rather than have her fall into the hands of the Americans.

If this keeps up, where will be Mr. Dewey's fame?

The Marine Hospital Service has received advice of the fearful ravages of plague and cholera in the old world. It is estimated that there have been seventy-five thousand cases of cholera in the Philippines since March 26th with a mortality of 75 per cent. Thousands are dying daily in China from this awful disease. In Europe about twenty-four thousand died of cholera from July 15th to August 15th.

Illinois history will be represented at the World's Fair, St. Louis, by a series of great paintings specially made, portraying the great historical events of the State. A loan exhibit of books and papers was also proposed at a recent meeting of the State Historical Society.

The man or woman who enters the ranks of labor is known, therefore as a "hand." Hands are classed as factory hands, field hands, farm hands, mill hands, etc., but the fact remains to the employer that they are simply hands to lift, to carry, to haul, to push, to control machinery or to toil generally. These people have hearts, brains and stomachs as others have, but no account is taken of this fact. When sorrow shadows them they are still only hands. When wages are cut the factory shuts down or is run only part time, although the stomach might be considered in this reduction of the daily ration of food, yet to the employer there is nothing to consider but "hands."

The remarkable thing is that the worker comes in the main to accept this classification and to be satisfied to consider only the skill and quickness of his hands that earn the wages on which life is sustained. As long as the hands keep their strength and cunning he is sure of a job. But the body is to be considered as a whole, each part and organ being connected, and each organ and part having as its vital center, the stomach. When it is said that no man is stronger than his stomach it means that no man's hands, no man's muscles, no man's nerves, no man's heart, liver, lungs or kidneys can be strong if the stomach is not strong. Why? Because the stomach prepares and distributes the nutrition for the body, and when the stomach is "weak" it can only work part of the time, or does imperfect work, and when the stomach works only part of the time it is a sure sign that in a short time the hands will only work part of the time; when the stomach does poor or imperfect work the hands will do poor or imperfect work, and eventually that means a lay off or the loss of a job.

"About ten years ago I began to have trouble with my stomach," writes Mr. Wm. Connolly, of 335 Walnut Street, Lorain, Ohio. "It got so bad that I had to lay off quite often, two and three days in a week, my stomach would bloat, and I would belch up gas, and was in awful distress at such times. I have employed and been treated by the best doctors in this city, but got no help whatever. Some said I had cancer of the stomach, others said, others dyspepsia. I have bought and tried everything I saw advertised for dyspepsia and stomach trouble, but continued to get worse all the time. About twelve months ago I was in such a condition that my friends had some fear about my recovering. I called a doctor and he found me in a very bad shape. Hands and limbs were cold and dripping with a cold sweat. He told me that I had a very bad case of chronic indigestion and ordered an injection of cod liver oil every two weeks. I followed his directions and it seemed to relieve me. I was under his treatment until this spring (1902), but did not improve any. By some way or other I happened to get hold of a vial of your 'Pellets' and I thought they helped me. It was then I wrote to you for advice. You told me that by my symptoms you thought I had liver complaint and advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed, and am very happy to state that I commenced to get better from the start, and have not lost a day this summer on account of my stomach. I feel tip-top, and better than I have for ten years."

Mr. Connolly's letter proves the point that strength to labor depends on the strength of the stomach. It also proves a great deal more; that Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, makes the weak stomach strong, and so gives strength for daily work.

There are to-day thousands of men in mill, farm, factory or shop who are able to work week in and week out in the enjoyment of perfect health who were at one time unable to work at all, or painfully managed to put in a little time each week. Dr. Pierce's Golden Medical Discovery cured the disease of the stomach and its allied organs, which was the cause of their weakness and debility, enabled the perfect digestion of the food eaten, and so the assimilation of the nutrition, which is the one and only source of physical strength.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. B. Second, Esq., of 14 Eastern Avenue, Toronto, Ontario. "I tried a great number of remedies without success. I finally lost faith in them. I was so far gone that I could not bear any solid food on my stomach for a long time; I felt melancholy and depressed. Could not sleep nor follow my occupation (tailoring). Some four months ago a friend recommended your 'Golden Medical Discovery.' After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

Men and women who are weak, run-down and debilitated will find in Dr. Pierce's Golden Medical Discovery the means of a restoration to health. It cures dyspepsia and other forms of stomach "trouble" which prevent the perfect digestion and assimilation of food. It cures, through the stomach, diseases of heart, liver, lungs, kidneys, etc., which have their cause in the disease of the stomach and other organs of digestion and nutrition. The heart, liver, lungs, kidneys—all the organs of the body derive their strength from the nutrition extracted from food. When "Golden Medical Discovery" cures the diseases which hinder the perfect nutrition of the body, and heart, liver, lungs, kidneys, etc., are perfectly nourished, they too become strong with the body generally.

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce, by letter, free, and so obtain, without charge, the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicines will offer the customer a substitute as being "just as good" as the "Discovery." It is better for him because it pays better, but it is not as good for you, if you want the medicine that has cured others, and which you believe will cure you.

"I Fully Appreciate The Value

Of your 'Medical Adviser' in my library," writes F. T. Houghton, of Horrocks, Mariposa Co., California. "I consider it a hundred times more valuable than any medical work ever published before and obtained at so trifling an expense." Dr. Pierce's Common Sense Medical Adviser, 1008 large pages, is sent free on receipt of stamps to pay expense of mailing only. Send 31 cent stamps for the cloth-bound volume, or only 31 stamps for the book in paper covers.

CLARK COUNTY ITEMS.

The tobacco barn of Charles Swift, Sr., in Clark county, containing fifteen acres of tobacco, was set on fire and destroyed. The loss is about \$3,000 with \$1,000 insurance. Mr. Swift had incurred the enmity of a class of day laborers by installing labor saving machinery on his farm.

The citizens of Germantown precinct voted by a small majority to enforce the law preventing stock running at large on the public highway. People dependent to a great extent on the public highways for pasturage were bitter in their opposition, and on election night the fencing of J. H. Leslie, Zerk Elkin, W. H. Talbott and other prominent farmers was torn down and their stock turned out on the public roads.

Judge Redwine Makes an Appeal for the Enforcement of the Law.

When the November term of the Breathitt Circuit Court convened Judge Redwine made an address to the grand jury, in which he made in appeal for "the enforcement of the law and the preservation of order." He said in part:

"A faithful, fearless and impartial discharge of every duty imposed upon you will be the first important step towards discovering and bringing to trial the many criminals who have made both life and property insecure at home and have given your county such unenviable reputation abroad. I trust that your deliberation will be such that the men who have been shedding the blood of their fellowmen and spreading terror through the county will be made to feel there is power and might in the strong arm of the law. No man for a moment should think of becoming his own avenger, or inflicting chastisement upon those who may have trespassed against his rights. Let the law punish every crime and right every wrong. I want to direct your attention especially to the homicides that have been committed within the last year. While there are many cases that will demand your attention, most of them have been committed under circumstances that will make it easy for you to identify and indict the guilty parties. There are two cases, however, that I think it necessary for you to give your earnest and most determined efforts to ferret out and bring to light. On the streets of Jackson, two men, Dr. Cox and James Cockrill, have been shot down, one in the night and the other in open daylight, and strange as it may seem, the perpetrators of these horrible crimes have never been discovered or brought to trial. I want to insist that you give to these cases your most earnest and determined efforts. Crimes like these should not be allowed to go undiscovered and unpunished. I say to you, gentlemen, that if it takes the whole of your time at term of court to find the evidence and complete the hearing of these cases, you should give it cheerfully. The court will give you every assistance in its power and the wit- nesses will be brought before you and given every protection the law affords in any community."
